MSD Documents Free Download Description: Record: Business App Features: Trial Price: \$49.00 System Requirements: Windows File Size: 1.52MB File Formats: .exe Language: English Developer: Business Intelligence Version: 4.01 License: Shareware 1 Undetected virus infection. Documents, such as documents and letters, are one of the most important assets of your business, but the truth is that most of them are damaged due to poor documentation techniques and lack of proper archives and storage. Instead of running in frantic searches for important information, MSD Documents allows you to search inside the same document, by adding tags and characteristics to the text or visual content. Furthermore, if needed, you can organize the content into a predefined structure and apply encryption to the archived information. Once all the tags have been added to the document, you can read them using MSD Documents' advanced tools, such as word search, advanced search, sorting, filtering and export to any type of file. Moreover, you can also perform data backup, so that you will be able to recover any lost information in case the document is damaged or deleted by other applications.
